DETAILED ACTION

Terminal Disclaimer

1. The terminal disclaimer filed on 07 November 2005 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of US Patent 6748731 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Allowable Subject Matter

2. Claims 11-13 are allowed.

Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance:
Claims 11-13 are found to be allowable because the prior art of record neither teaches nor reasonably suggests the recitations found therein including the specific core sheath structure as related to diameter size and pitch. Such a unique combination provides the cord with unobvious strength, which is desired in the elastomeric article (tire) reinforcement art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
